Memorandum

TO : Acting Executive Officer, OEL

DATE: 14 June 1965

FROM : DAD/S&D

SUBJECT:

25X1A

I have discussed this with [] and our interest here is largely in having contractor evaluations available on a rather broad basis. I think such notebooks would not serve any particular purpose when held by ASD, GSD, SMS; rather they should be available via the Program Staff for information when needed.

I believe this will reduce your workload somewhat. We would be happy, of course, to provide any information that you might need in order to keep this up to date or make it available to Logistics as appropriate.
